**: 2006 International Fuel Gas Code Commentary** before purchasing it in order to gage whether or not it would be worth my time, and all praised 2006 International Fuel Gas Code Commentary:

Navigate easily through this CD-Rom using Adobe Reader. View all text, illustrations, figures, equations, and tables. This comprehensive publication provides a convenient reference for regulations in the 2006 International Fuel Gas Code (IFGC). The commentary series is presented in an easy-to-understand format. Every chapter begins with "General Comments" and "Purpose" sections followed by code and commentary to subsequent sections, tables and figures. This in-depth publication focuses on providing the full meaning and implications of the 2006 IFGC. The commentaries are designed to suggest the most effective method of application, and the consequences of not adhering to the code. This is an excellent reference for code officials, engineers, architects, inspectors, plans examiners, contractors and anyone who needs a better understanding of the 2006 IFGC. 390 Pages This CD is protected from duplication by protected pdfTM and requires Adobe Reader 7.0 or later.
