Many design books have beautiful pictures of beautiful rooms, but many of them look "designed" and are over styled for the photographs and impossible to believe that an actual person lives in these rooms. The recently released Barbara Barry book, "Around Beauty", is a prime example. Walk into one of her showrooms, and there is the book. Kit Kemp's book is full of life and inspiration. Pictures of detailed rooms, full of beautiful fabrics, personal objects, colours, textures, put together in quirky,interesting, fun and inventive ways. To me, her designs have a very easy, comfortable feel, never pushed, or over reaching in their goals. I am inspired by this book every time I look through it.0 of 0 people found the following

She also makes gray use of wonderfully distinctive fabricsBy Angelica MoreyraKit has a unique style of putting together antique and modern pieces. She also makes gray use of wonderfully distinctive fabrics, which gives her interiors a sophisticated layered look.

Inspiring interiors that have a personal, handcrafted feel. This lavishly photographed interiors book shows how to leave behind design "rules" to create truly beautiful, original interiors. For more than twenty years, Kit Kemp has been at the forefront of the international design community, with her signature style that mixes contemporary elements with antiques and junk-shop finds, luxurious fabrics with printed wallpapers, and hand-finished detailing with collections of simple objects that create impact. She avoids taking design too seriously, playing with scale, color and pattern to create very personal, handcrafted spaces. Alongside the stunning images of room sets and detailed close-ups will be the inspiration behind Kit's work and her tips for creating your own version of her style at home. Interiors are meant for living in, and the key is to create a space that is comfortable and beautiful and reflects who you really are.

"A Living Space, stocked with gorgeous images of her one-of-a-kind interiors, serves as pure inspiration for doing what Kemp does best seamlessly mixing clean, contemporary rooms with whimsical details and antique finds." ~Harper's Bazaar
