This is a great item, it was reasonably priced By shadow147 This is a great item, it was reasonably priced, it was delivered on time, arrived in great condition! Thoroughly satisfied! 4 of 4 people found the following review helpful. Too many gimcracks By K D. Frank The houses are overly complicated- so even when there is a good idea it is submerged by too many gables - odd windows or unnecessary indentations. Very few simple floor plans - not much thought about economy of building. Was hoping that there would be a few attractive and economically - ecologically sound plans - pretty disappointed - but I didn't really know what I was ordering. 0 of 0
