Even though it's a few years old there are many great ideas for using old furniture, etc. I love to flea market so I'm sure this book will get used quite a bit.0 of 0 people found the following review helpful. Nice BookBy mollyVery nice book; but, for some reason, I did not get as excited about it as usual. It might be the style of book - for example, there is more color in a magazine.2 of 2 people found the following review helpful. just my styleBy Nancy JacksonNifty ideas for displaying fintage finds and well as antiques. Ways to get the best looks is good too. It's a keeper

In this clever and imaginative book, she shows readers how to take their tattered treasures and transform them into stylish keepsakes. With projects like `Very Lady Lights,` made from cast-off handbags and

shoes, and `Time After Time,` a clock face gleaming beneath a tempered glass tabletop, Sowers` amazing insights and helpful tips will inspire collectors of all kinds. Featuring more than 150 projects embellished with over 200 gorgeous photos, crisp layouts, and easy-to-follow instructions, Easy Flea Market Style is sure to be snapped up by flea market devotees everywhere.
