Other than that it's ok.3 of 3 people found the following review helpful. AlohaBy Tally HoA great little book for those who love tiki. However the print is a little small which is a disadvantage. If you don't already have them, I would recomend the books Tiki Modern or Tiki Pop over this book, not because of the content, but because of the size and readability.1 of 1 people found the following review helpful. Amazing Tiki Book!!!By Brittany LaurenSmall book, but each page is gorgeous and filled with awesome facts and information. Perfect for any Tiki enthusiast. I like that this

book is smaller in size. Very happy and would highly recommend.
